

LET US FILM A PROFESSIONAL HISTORICAL DOCUMENTARY
AT YOUR LOCATION & A STATE OF THE ART INVESTIGATION!

Universal Paranormal in association with "Haunted Journeys", "Mysterious Adventure Tours", "ParaflixX", and "YMC Entertainment" has video production companies in NY, FL and Germany. We produce original professional production TV shows, movies, historical documentaries, and paranormal investigations of some of the most historical and haunted sites in the world. We also host more than 15 paranormal tours throughout Europe to the most historical sites and battlefields in history and we are building our first "Universal Paranormal Hall" in Spring Hill, FL.

Our new Universal Paranormal production company in Tampa, Florida is offering exclusive video packages by invitation only, to historical organizations and businesses in the United States. Each video package consists of a professional historical video documentary of your location, and a follow up "state of the art" paranormal investigation. Each documentary and investigation will be nationally presented on our new streaming service, "ParaflixX" and will be showcased through national social media by Universal Paranormal.

We have selected your location due to its historical significance, to help remember those locations and lives which would be lost to history if we did not take on the responsibility to retell their story. These are time sensitive productions due to the resources we will be putting forth for editing, travel, crew, and equipment. A professional video production can run into the tens of thousands of dollars, but for a limited time Universal Paranormal is offering our exclusive licensed and insured video production services for a base price of only \$2,500.00 per location.

If you decide to accept our generous offer please contact us back within 3 days of receiving this invitation by phone, so we can go over the logistics of ensuring we can accommodate your historic location, and focus the nation's attention to your history, which should not be lost to the sands of time. Please call us with any questions.
